

Designation

The Kraftfahrt-Bundesamt

herewith certifies that the testing laboratory

EMCCons DR. RAŠEK GmbH & Co. KG

Boelwiese 8
91320 Ebermannstadt
and
Störnhofer Berg 15
91364 Unterleinleiter
Germany

complies with EN ISO/IEC 17025:2005 and EN ISO/IEC 17020:2004
and

has demonstrated appropriate skills,
specific technical knowledge and proven experience
in accordance with 2007/46/EC.

The testing laboratory is designated as Technical service category A and D.
(Scope see annex to the certificate)

This designation is valid from: 07 April 2011

The annex (3 pages) is an integral part of the certificate.

Registration number: KBA-P 00026-96

Head of the designation body

Dresden, 16 May 2011

Address of the designation body

Kraftfahrt-Bundesamt
Office Dresden
P.O. Box 12 01 53
01002 Dresden
Germany

The designation has been awarded based on an assessment according to the designation rules and on an assessment of the Deutsche Akkreditierungsstelle GmbH (DAkkS).

The designation is bound to compliance with the designation rules of the KBA as amended and to the validity of the certificate of accreditation on which the designation is based. The designation body must immediately be informed about amendments of the above mentioned accreditation or its termination.

The designation is published by the designation body (<http://www.kba.de>). This certificate becomes void with cancellation of the published entry.

The certificate of designation is not to be disseminated in any other form than the present one. The publication of extracts is subject to approval from the designation body¹. Only digital copies are permitted. Legally authoritative is only the certificate in A4 format with an original signature.

The technical service is permitted to use the following logo for indication of its designation. Rules for the use of the designation logo must be observed.

¹ The unmodified publication of the Certificate without annex is excluded from this requirement.

It has been proved that the testing laboratory is competent for the scope given below to carry out or supervise autonomously tests acceptable for approval procedures on the basis of²

- The law about the Agreement of 20 March 1958 concerning the adoption of uniform technical prescriptions for wheeled vehicles, equipment and parts and the conditions for reciprocal recognition of approvals, revision 2
- The Decree on re-organisation of legislation for EC approval procedures (EG-FGV) in connection with the framework directives 2007/46/EC, 2002/24/EC, 2003/37/EC
- The German Road Traffic Licensing Regulations (StVZO)
- The Decree on vehicle parts (FzTV).

The testing laboratory is designated for the below defined scope as Technical service category A and D in accordance with the framework directive 2007/46/EC³ and recognised by the KBA for type approval procedures in accordance with EG-FGV.

Designated and recognised testing methods (Prüfverfahren) are included in following scopes (Prüfgebieten):

08 Electrical/electronic equipment

² if relevant

³ if the test procedure is covered by the framework directive 2007/46/EC

Catalogue of designated and recognised testing methods (Prüfverfahren)

(sorted by testing scope (Prüfgebiet) and subscope (Prüfumfang))

Specifications and standards quoted in testing methods as given below are included in the designation.

Categories are used as defined in the framework directive 2007/46/EC. Classification A refers to evaluation regarding EN ISO/IEC 17025:2005, classifications B or D - to evaluation regarding EN ISO/IEC 17020:2004.

Scope and categorizing of test procedures refer only to the designation in general and do not allow any conclusions about the scope of single sites.
