Pioneers for Progress

EMC-BASICS HIRF/HERF – Electromagnetic Effects (EME) in Aircraft

**Public Seminar in English Language
2024-12-09 to 2024-12-11**

**TEST & CALIBRATION LABORATORY
DIN EN ISO/IEC 17025 ACCREDITED**

SEMINAR PROGRAM

EMC-Basics, High Intensity/High Energy Radiated Fields – HIRF/HERF Electromagnetic Effects (EME) in Aircraft – Three Days Seminar

Seminar venue

The seminar takes place in the EMCC Seminar Center in Unterleinleiter. It is located at the EMCC Test Labs site, which among others provide aircraft EMC services. The broad area of activities can be viewed on www.emcc.de.

The EMCC aircraft group with the associated labs are an ideal environment for the seminar. The vast experience in aircraft measurements, system and equipment testing is combined with the latest high end test infrastructure. EMCC also design and manufacture HIRF generators, NEMP generators and direct as well as indirect lightning generators. These meet and exceed maximum levels of current standards and specifications.

The combination of experience and infrastructure enables an experimental portion which includes demonstrations and seeing test setups. Visits and experiments are conducted in small groups. Various kind of sites are part of the course, among them are anechoic chamber, open area test site (OATS), GTEM cell, TEM cell, reverberation chamber as well as lightning test setups. Examples are provided. Discussion and questions will be part of the seminar. Seminar notes in English language are included in the fee as well as lunch and snacks during breaks.

Contents

- ▶ EMC-Basics
- ▶ Physical Phenomena
- ▶ Certification Regulation and Standards
- ▶ Associated Test Methods and Procedures
- ▶ Aircraft, System and Avionics Design Rules to reach HIRF Compliance
- ▶ Simulation
- ▶ Visit of EMC Labs

Who should attend?

- ▶ Young Professionals in EMC
- ▶ EMC Technicians and Engineers
- ▶ Equipment Designers
- ▶ System Designers and Integrators
- ▶ EMC Test Staff
- ▶ EMC Project Managers
- ▶ Certification Staff

For personal use, only. This information or any parts thereof may not be reproduced in any form without the written permission of the author. All rights reserved.

SEMINAR PROGRAM

EMC-Basics, High Intensity/High Energy Radiated Fields – HIRF/HERF Electromagnetic Effects (EME) in Aircraft – Three Days Seminar

Day 1: EMC-Basics

- ▶ History of EMC/EMI
- ▶ Examples of EMC/EMI
- ▶ Mathematical and Physical Basics of EMC
- ▶ Basic EMC Tests and Test Setups
- ▶ Essence of EMC/EMI
- ▶ EMC Standards
- ▶ Basics of EMI Prevention
- ▶ Basic EMC Devices

Day 3: Design Rules to meet HIRF/HERF Requirements

- ▶ Installation
- ▶ Layout
- ▶ Zoning Concepts
- ▶ Shielding and Filtering
- ▶ Protection Devices
- ▶ Numerical EM Simulation
- ▶ Questions and Answers

Day 2: HIRF/HERF Approach to Compliance

- ▶ Physical Phenomena
- ▶ Certification Regulations and Standards
- ▶ Associated Test Methods and Procedures for Aircraft,
Systems and Equipment
- ▶ Test Setups
- ▶ Test and Certification Planning
- ▶ Real World Issues
- ▶ Questions and Answers
- ▶ Visit of EMC Labs

For personal use, only. This information or any parts thereof may not be reproduced in any form without the written permission of the author. All rights reserved.

EMCC SEMINARS – TERMS AND CONDITIONS OF PARTICIPATION

Registration: By Mail / E-Mail / Fax / Phone

EMCCons DR. RAŠEK GmbH & Co. KG

Stoernhofer Berg 15 | 91364 Unterleinleiter | Germany

T: +49 9194 7263-0 | F: +49 9194 7262-199

E: emc.sem@emcc.de | www.emcc.de

Fees

The seminar fee must be paid after receipt of the invoice and the confirmation of booking. All invoices must be paid in advance, 14 days prior to the seminar start at the latest. The costs for all documentation and seminar papers are included in the seminar fee. The seminar fee is subject to VAT if applicable.

Cancellations

No charges will be considered for cancellations received not later than 14 days prior to the event. Cancellations within 13 to 3 working days before the start of the seminar will be liable for 50 % of the seminar fee. After this date cancellations are liable for the full seminar fee. The same applies to non-appearance or interruption. However, we are happy to accept substitute delegates at any time.

Change of Terms

In case of cancellation caused by EMCC DR. RAŠEK (e.g. for sick leave or insufficient number of participants), the entire fee will be refunded. A change of speakers does not legitimate a reduction of the seminar fee or withdrawal of the booking.

Copyright

Unauthorised copying or use, as well as transference of seminar papers or disclosure of its contents to third parties is prohibited. Software or a copy of it may neither be taken in parts nor as a whole. Any unauthorised use of software is prohibited. All rights are reserved.

The terms and conditions set out above are accepted with the seminar booking.

Place of jurisdiction is Bamberg, Germany.

For personal use, only. This information or any parts thereof may not be reproduced in any form without the written permission of the author. All rights reserved.

SOLUTIONS FROM A SINGLE SOURCE

We are an independent, DIN EN ISO/IEC 17025 accredited test & calibration laboratory which provides end-to-end services since 1977. Our product and service portfolio ranges from testing to consulting in the fields of EMC, calibration, environmental simulation, direct and indirect lightning, electrical safety up to seminars and R&D. We test according to national and international EMC standards and according to special customers' requirements, as well as many environmental and safety standards.

- ▶ **EMC**
- ▶ **Calibration**
- ▶ **Environmental Simulation**
 - ▶ Climatic Testing / Vibration & Shock Testing / Corrosion Testing (Salt Spray) / Pressure Testing / Fluid Susceptibility Testing / IP Testing / Icing Testing / Constant Acceleration on Centrifuge / Crash Safety Pulse and Sustained
- ▶ **Direct & Indirect Lightning**
- ▶ **EMP, HEMP, HERF, HIRF, HPM, LEMP, NEMP**
- ▶ **Electrical Safety**
- ▶ **Electromagnetic Field Simulation**
- ▶ **Consulting / Testing**
- ▶ **Impulse Test Generator Systems**
- ▶ **Seminars & Training**
- ▶ **In Our Labs, On-site Worldwide**
