HIRF/HERF – Electromagnetic Effects (EME) in Aircraft

Public HIRF Seminar
in English Language

2021-11-16 to 2021-11-17

SEMINAR PROGRAM

11.02.01E1

High Intensity/High Energy Radiated Fields - HIRF/HERF Electromagnetic Effects (EME) in Aircraft

Two Days Seminar

Seminar venue

The seminar takes place in the EMCC Seminar Center in Unterleinleiter. It is located at the EMCC Test Labs site, which among others provide aircraft EMC services. The broad area of activities can be viewed on www.EMCC.de.

The EMCC aircraft group with the associated labs are an ideal environment for the seminar. The vast experience in aircraft measurements, system and equipment testing is combined with the latest high end test infrastructure. This site is also location of design and manufacture of HIRF generators, NEMP generators and direct as well as indirect lightning generators. These meet and exceed maximum levels of current standards and specifications.

The combination of experience and infrastructure enables an experimental portion which includes demonstrations and seeing test setups. Visits and experiments are conducted in small groups. Various kind of sites are part of the course, among them are anechoic chamber, open area test site (OATS), GTEM cell, TEM cell, reverberation chamber as well as lightning test setups. Examples are provided. Discussion and questions will be part of the seminar. Seminar notes in English language are included in the fee as well as lunch snack and coffee breaks.

Contents

- Physical Phenomena
- Certification regulation and standards
- Associated Test Methods and procedures
- Aircraft, system and avionics design rules to reach HIRF compliance
- Simulation
- Visit of EMC labs

Who should attend?

- EMC technicians and engineers
- Equipment designers
- System designers and integrators
- EMC test staff
- EMC project managers
- Certification staff

SEMINAR PROGRAM

11.02.01E2

High Intensity/High Energy Radiated Fields - HIRF/HERF Electromagnetic Effects (EME) in Aircraft

Two Days Seminar

Day 1: HIRF/HERF Approach to Compliance

Physical Phenomena
Certification regulations and standards
Associated Test Methods and procedures for aircraft, systems and equipment
Test setups
Test and certification planning
Real world issues
Questions and answers
Visit of EMC labs

Day 2: Design rules to meet HIRF/HERF requirements

Installation
Layout
Zoning Concepts
Shielding and Filtering
Protection devices
Numerical EM Simulation
Questions and answers

EMCC SEMINARS - TERMS AND CONDITIONS OF PARTICIPATION

REGISTRATION

by MAIL	by FAX	by PHONE	by E-MAIL
EMCC DR. RAŠEK Störnhofer Berg 15 91364 Unterleinleiter Germany	+49 9194 7262-199	+49 9194 7263-0	emc.sem@emcc.de

FEES

The seminar fee must be paid after receipt of the invoice and the confirmation of booking. All invoices must be paid in advance, 14 days prior to the seminar start at the latest.

The costs for all documentation and seminar papers are included in the seminar fee.

The seminar fee is subject to VAT if venue is in Europe.

HOW TO BOOK

You will receive a confirmation of booking including location details, also please see www.emcc.de.

CANCELLATIONS

No charges will be considered for cancellations received not later than 14 days prior to the event. Cancellations within 14 to 3 working days before the start of the seminar will be liable for 50 % of the seminar fee. After this date cancellations are liable for the full seminar fee. The same applies to non-appearance or interruption. However, we are happy to accept substitute delegates at any time.

CHANGE OF TERMS

In case of cancellation caused by EMCC DR. RAŠEK (e.g. for sick leave or insufficient number of participants), the entire fee will be refunded.

A change of speakers does not legitimate a reduction of the seminar fee or withdrawal of the booking.

COPYRIGHT

Unauthorised copying or use, as well as transference of seminar papers or disclosure of its contents to third parties is prohibited. Software or a copy of it may neither be taken in parts nor as a whole. Any unauthorised use of software is prohibited. All rights are reserved.

The terms and conditions set out above are accepted with the seminar booking.
Place of jurisdiction is Bamberg, Germany.
